

DANCE, THEATRE & STAGE  
**FLOORS**

# HELLO. ●

**“Choosing a Le Mark floor was one of the best decisions I’ve ever made”...** that’s what we aim to have you shouting from the rooftops, right from the moment you step onto your new floor and for many years down the line.

We are family, literally. With three family directors and another 25 long-serving specialists in our team, family values run deep into our core. We’ve specialised in Dance, Stage and Performance floors for over 25 years. We supply floors to some of the most renowned dance studios, colleges and theatres in the world.

## HARMONY™ VALUE •

*Low cost dance floor.*

Perform and educate on Le Mark's most affordable, world-class dance floor. Hugely versatile, Harmony™ Value accommodates a wide variety of dance and performance styles.

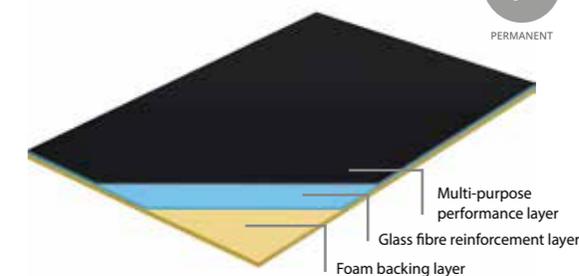

Easy to self-install, Harmony™ Value can either be used as a permanent dance floor, or easily laid straight from the roll, as and when required.

It has been our best-selling dance floor, world-wide, for over 10 years.

**i** For recurrent adult Tap / Irish / Flamenco Dance use, our Nocturne™ Dance Floor may be more suitable.

## NOCTURNE™ REVERSIBLE •

*Our most versatile dance floor.*

Maximise your available space with a vinyl dance floor that can do more. Standing up to the rigours of tap, flamenco, Irish dance, on-stage wear and tear, yet also perfectly suited to all contemporary dance styles. Our Nocturne™ flooring allows you to enjoy a virtually unrestricted performance space.

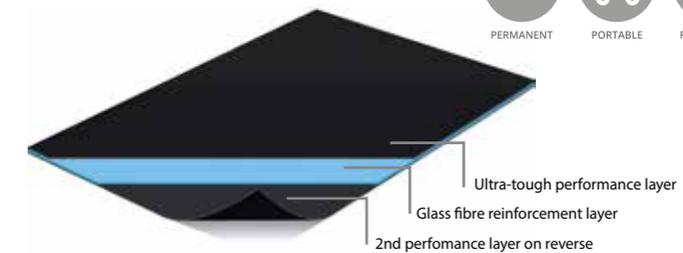

Usable on both sides, Nocturne's two-in-one reversible design offers even more versatility when installed semi-permanently. Single sided use when permanently installed.

The uncompromised durability makes Nocturne™ a reliable choice for venues that require longevity and versatility from their floors.

## TWOTONE™ TOURING FLOOR •

*Lightweight. Quick to install.*

Lighten the load with the easily transported and fast to install TwoTone™ touring floor. It lays flat straight from the roll and is easily trimmed to size. TwoTone™ is the ideal vinyl floor for fast turnaround touring performances.

An ultra-smooth, matt finish minimises light reflection, creating an ideal surface for lighting and set designers to work with.

Although lightweight, TwoTone™ remains durable enough to stand up to the rigours of touring productions and is perfectly suited for all contemporary dance styles.

## SONATA™ BALLET •

*Controlled glide. En pointe perfection.*

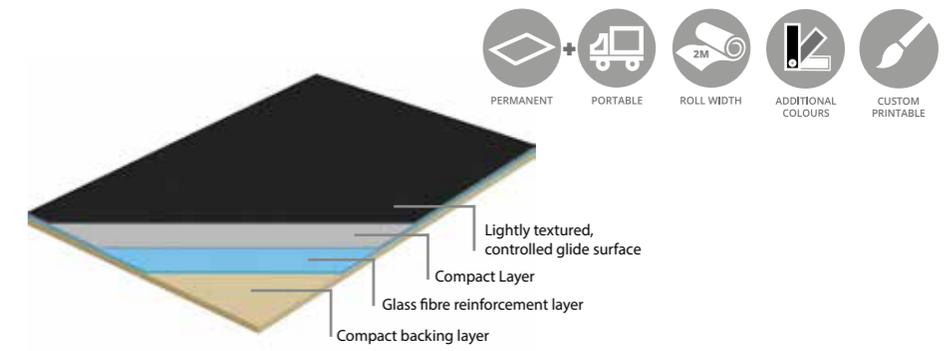

Perform in confidence on one of the best controlled glide surfaces in the world. Specifically designed for ballet, this lightly textured vinyl dance floor combines the perfect level of slip-resistance with a flowing freedom of movement.

Consistent results, performance after performance from Sonata's quad-layer construction, with added dimensional stability. It offers long-term durability even for busy performance spaces.

Being one of our heavier floors, Sonata™ Ballet is more suited for permanent installation. However, a shape-keeping inner reinforcement layer allows Sonata™ to be rolled up & stored, ready for use when required.

### APPLICATION GUIDE

Layer colours used for demonstration purposes only. Actual product may vary.

## SONATA™ FOAM SPRUNG •

*Controlled glide + shock absorption.*

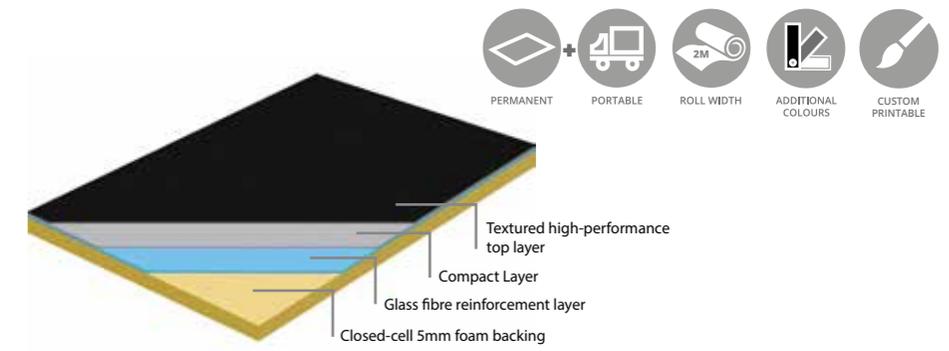

All the features of our Sonata™ Ballet vinyl dance floor, with the advantage of added shock absorption.

A 5mm compressed foam base layer is fused with the underside of the floor, offering performers a floor that's firm enough for en pointe work, yet soft enough to help cushion leaping movements.

It's a cost effective alternative to a fully wood-sprung floor and can be installed directly onto most hard floors.

### APPLICATION GUIDE

Layer colours used for demonstration purposes only. Actual product may vary.

## HARMONY™ HIGH GLOSS.

*Visually stunning.*

Bring a stage to life with a shimmering water-like effect. This durable, high gloss vinyl floor is lighter than many other show floors, making it easy to transport. Laying flat almost instantly from the roll and easy to trim to size, it's ideal for touring performances and live events.

The high gloss finish can be cleaned and maintained with our range of floor cleaners and accessories.

## DYNAMIC™ WOOD EFFECT •

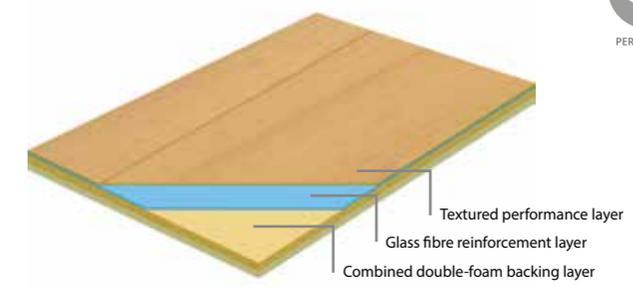

*For more than just dance...*

Ideal for venues that cater for more than just dance. Dynamic™ offers the highest level of shock absorption across our vinyl range. A 6mm compressed foam backing works to cushion leaping movements in dance, but is also widely suited to other community activities including gymnastics, aerobics and family activities.

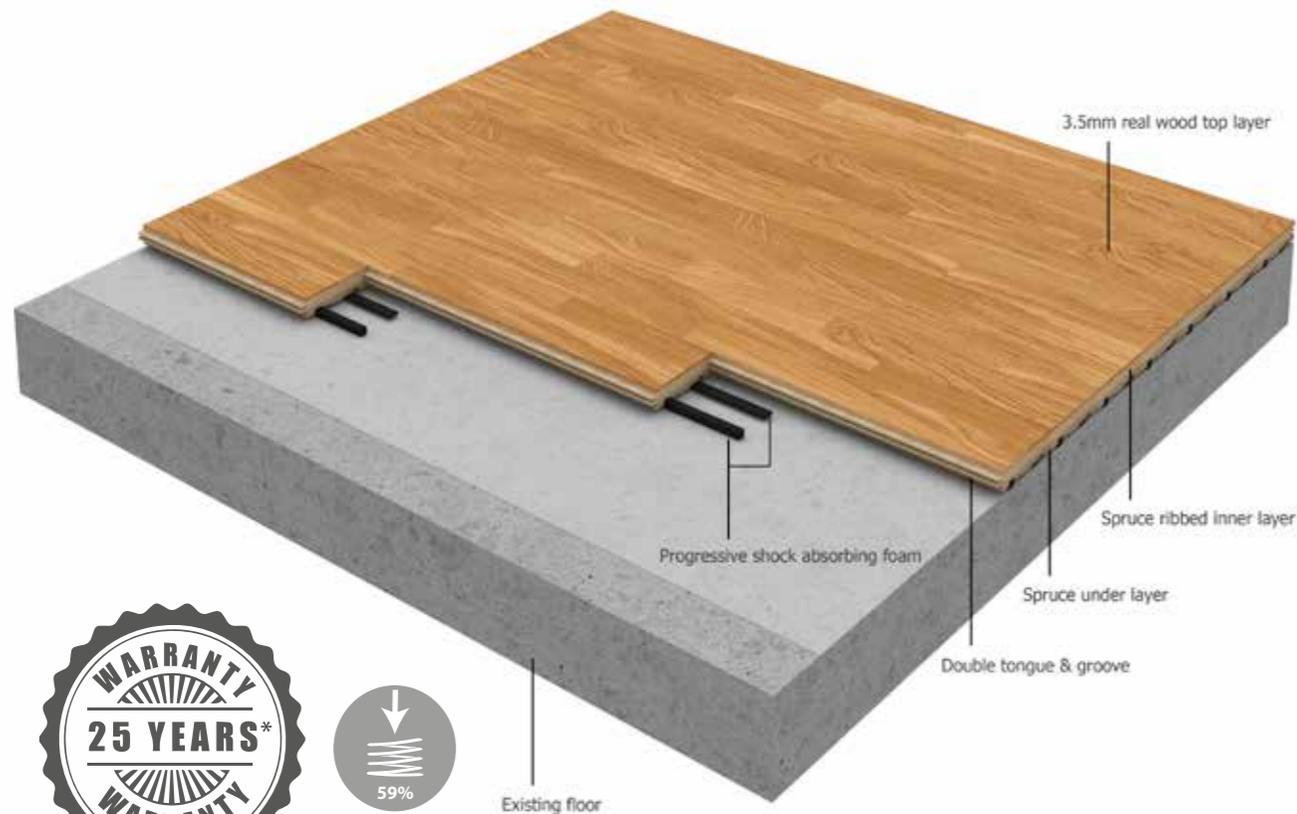

Trainer and dance shoe friendly, it's the perfect addition to many existing hard surfaces. The warm, natural looking wood effect finish complements both modern and historic buildings. Ideal for warehouses, exhibition halls, dance studios, university & village halls, schools, and more.

## WOODLAND™ SPRUNG.

*Professionally installed wood dance floor.*

Install a world-class wooden dance floor with the confidence of a 25 year warrantee\*. Suitable for all dance styles, this foam sprung, state-of-the-art floor offers long-term performance and durability.

Educate and perform with professionals and students of all ages with Woodland's dual zone shock absorbing system. Two foam layers that engage, in turn, to provide progressive shock dampening for both adult and child performers, weighing as little as 30kg.

Available in a range of FSC certified finishes including Oak, Beech, Canadian Maple and Ash. Also available with a plywood top. A vinyl top is recommended for hard shoe work.

## MEADOW™ SPRUNG •

*Cost-effective, self-install wood dance floor.*

A solid wood-topped, foam sprung dance floor that's easy to self-install. Cost-effective and ideal for growing businesses that may relocate in the future, this click-together dance floor can be installed semi-permanently and re-installed at a new location even after years of use. Additional sections can also be added to re-size your floor, if required.

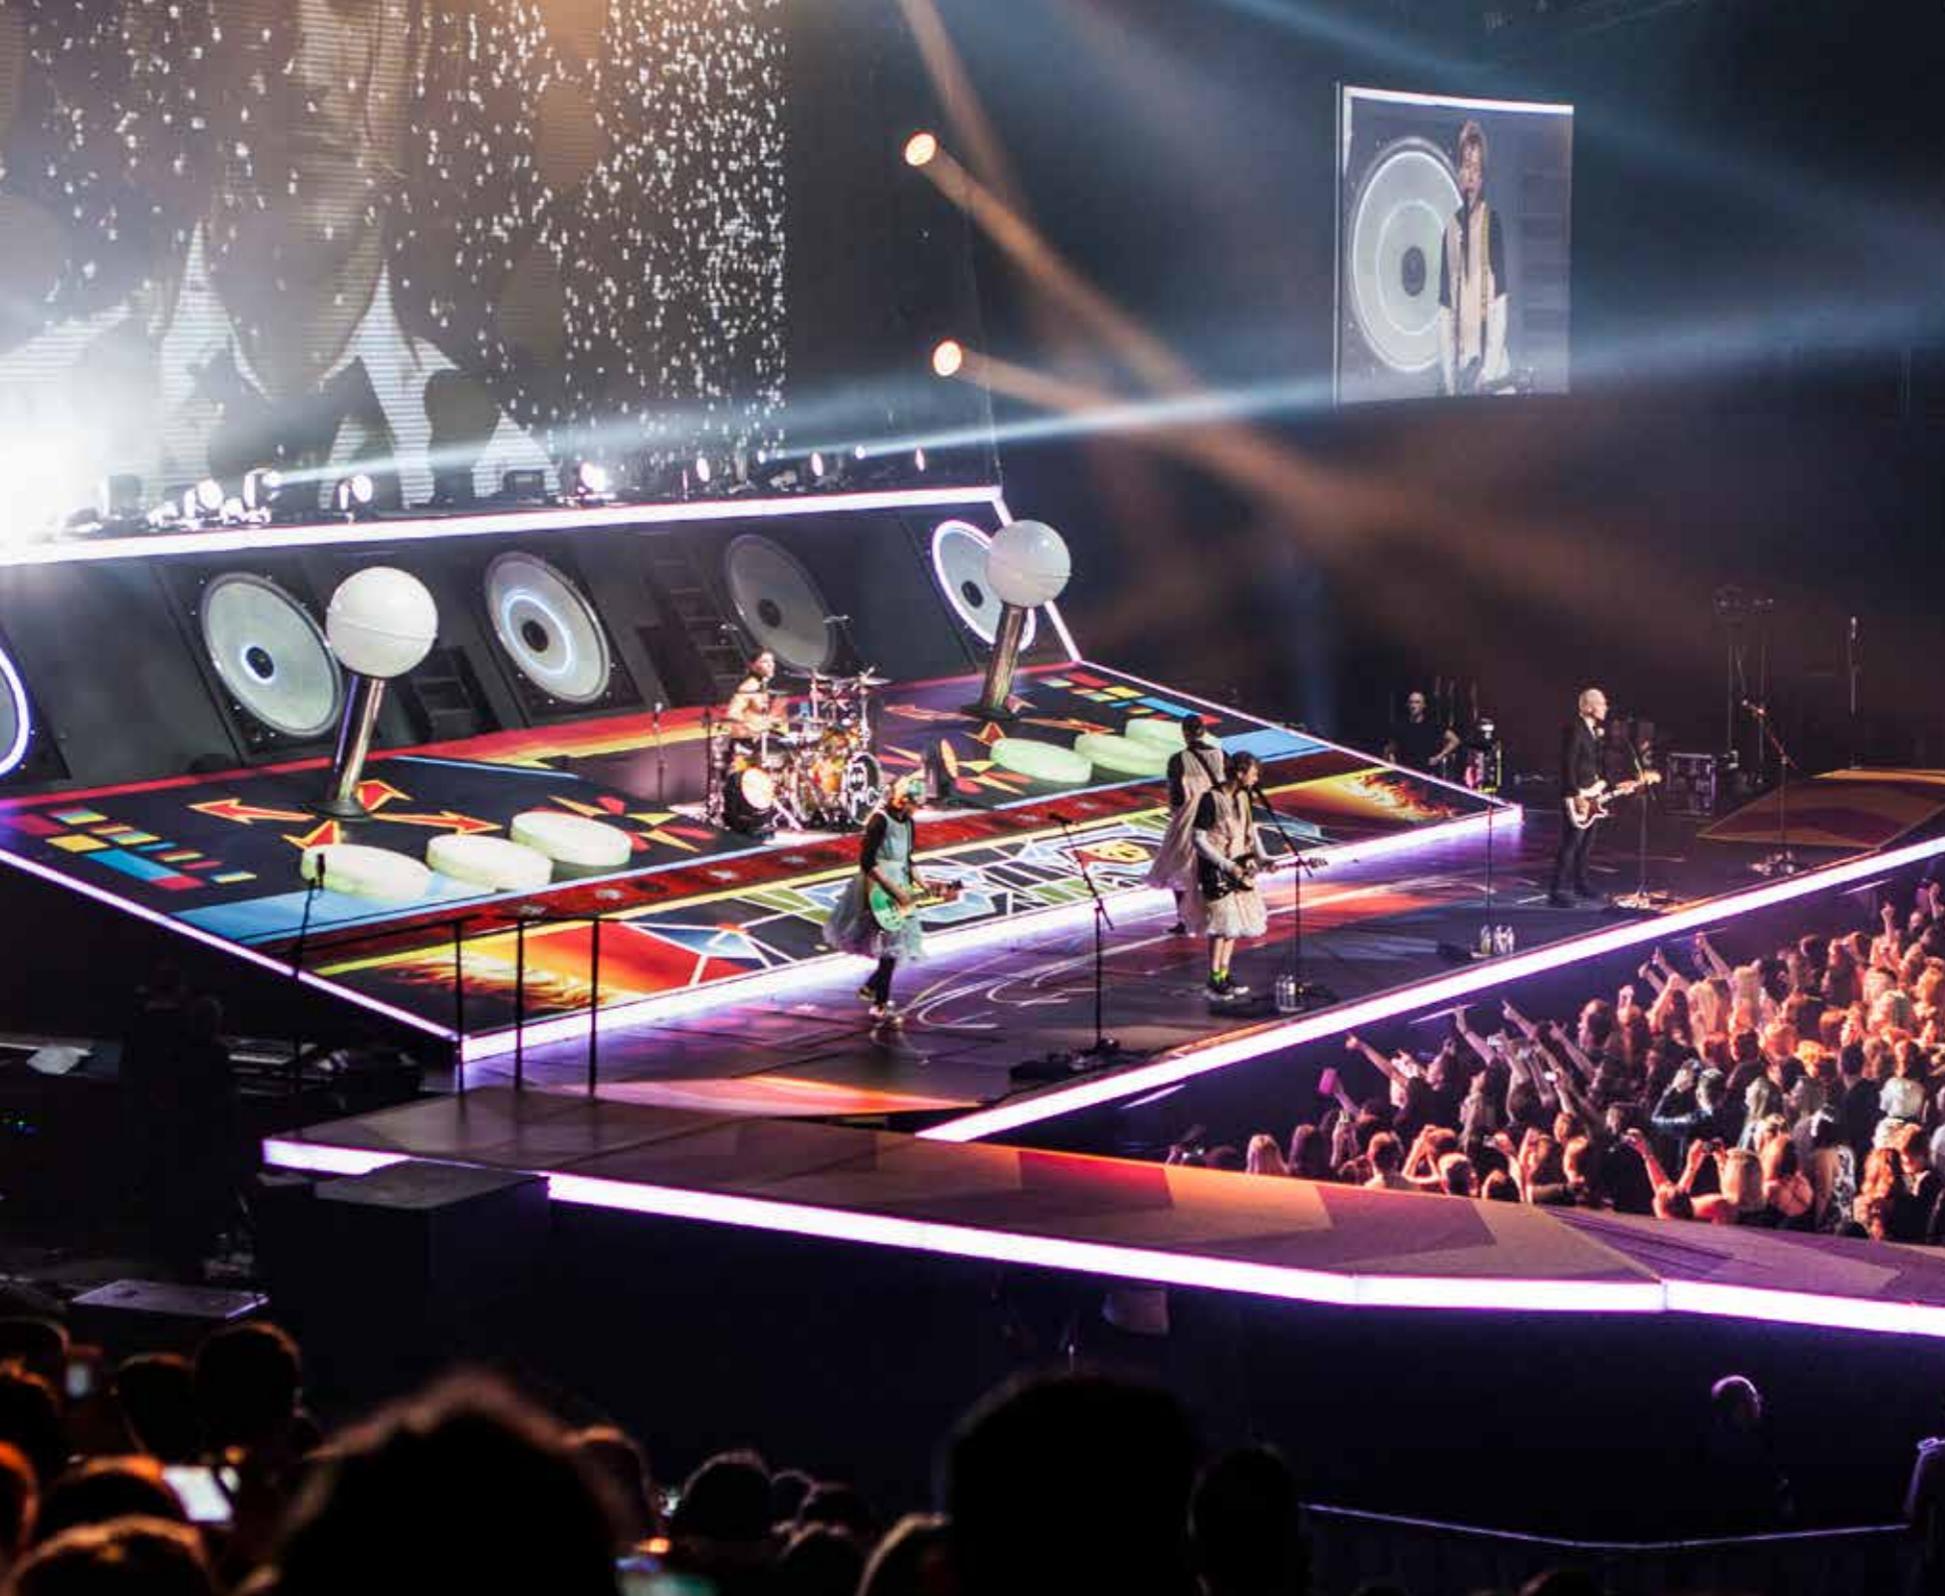

Fitted with a foam sprung under-layer, providing subtle cushioning for leaping dance movements. This floor is perfectly suited for a wide variety of dance styles.

Available in a range of FSC certified finishes including Oak, Beech, Canadian Maple and Ash. A vinyl top is recommended for hard shoe work.

## PRINT YOUR FLOOR.

*Make your floor one of a kind*

Bring your floor to life with our range of printable vinyl floors. Whether it's a simple logo or a stunning edge-to-edge design, our high-resolution, full colour printing offers truly stunning visual effects. Choose from a range of value and long-life printed vinyl materials.

**Harmony™ Value Printed** – a low cost multi-purpose vinyl floor, ideal for short-term productions, tours and live events.

**BILD™ (Formerly known as G-Floor) Long Life Printed Floors** – guard your print design with under-surface print technology. This floor offers exceptional protection from scratches and general wear and tear. Ideal for permanent installations.

## INSTALLATIONS.

Our professional installation teams operate nationwide. Experienced, safe-working and with an impeccable attention to detail.

Whether it's your first home studio, or a Royal Academy, we'll have your floor installed on time and to a world-class standard.

## ACCESSORIES.

### Splicing Tape - Gloss

Specially designed for high gloss floors. Offers imperceptible joins on a variety of high gloss dance and performance floors.

### Splicing Tape - Matt

Create smooth, seamless joins on matt finish dance floors. Discrete and low-profile for a virtually unnoticeable finish.

### Storage Trolley

Store and organise heavy floors more easily with our 6 roll storage trolley. Helps keep floors clean and prevents damage from incorrect storage methods.

### My Dance Mat™

Perfect when space is limited or you're on the move. Comes complete with a durable travel bag for easy transportation and storage.

### Roll Tour Bag

Heavy duty storage bags. Help keep your floors clean and securely fastened. Ideal for touring events and performances.

### NEC Double Sided Tape

Ideal for touring performances. A low-tak, residue-resistant adhesive on the underside and a high-tak performance adhesive on the topside.
