

ProPlex[®] 10GBS

10 GIGABIT SWITCHES
8-PORT

10-Gigabit, 8-port, CAT6a + fibre Ethernet switch designed for portable entertainment production and more! **Rugged!** Unique shock-mount design with advanced thermal management protects components – and your critical show data! – in extreme touring environments. **Powerful!** Designed for the latest high-speed networks, ideal for video streaming. **Smart!** Compatible with a wide range of protocols. Delivers unprecedented non-blocking 10-Gigabit bandwidth in a robust, nearly bullet-proof package.

- Enterprise Class 10-Gigabit switch ideal for all high-speed, high-volume gigabit network applications including video streaming.
- All the features of a popular and fast 10-Gigabit switch in a rugged, robust, and tour-ready package! Built for the Road!
- 8 ports with Neutrik™ connectors. 6 tour-grade CAT6a EtherCon + 2 heavy-duty OpticalCon QUAD connectors!
- Backward compatible. Auto-negotiating between higher and lower speeds, thereby not forcing an all-at-once network equipment upgrade.
- ProPlex "Blue Box" convenient and sturdy 2U RackMount. Internal components shock-mounted for reliability.
- Compatible with a wide range of entertainment-specific protocols, including ACN, ArtNet, CobraNet, ETCNet, Ethersound, HippoNet, and MA-Net.
- Variable power input, 90-260VAC with locking PowerCon connector.

Available Model

Part Number	Description
PPGBS10G206RN	RackMount, 8-Port, Dual Fibre, Unmanaged, 2U RackMount, 16" deep
